

Adopted adults support group

Are you an adopted adult?

Would you like to meet other adopted adults?

Come and join our friendly and welcoming group for adopted adults in North London.

The Adopt London North (ALN) adopted adults group is run by adopted adults and hosted and supported by ALN. As well as an opportunity to share experiences, there is a range of speakers invited to speak about relevant topics, as well as activities and other events.

The group is made up of adopted adults of diverse ages, all of whom are at different stages of their adoption journey. People decide on what they want to share. You might even have questions you want to ask the group.

If you are an adopted adult living in any of the Adopt London North boroughs; Barnet, Camden, Enfield, Hackney, Haringey or Islington, and you would like to know more about the adopted adults group, please contact:
